

Hi All,

Our next monthly meetup is this Friday (7th March)! Join us at 11am in the Worsley building (room 11.87) for coffee, cake and chats about all the events we have planned, along with community updates and news in the field of machine learning.

## Updates

- We are looking for people to join the SciML committee! The roles are flexible, and you can take on as much or as little as you want. Chat to any of us at our events or send us an email ([sciml@leeds.ac.uk](mailto:sciml@leeds.ac.uk)) if you want to know more.
  - We have a Teams channel under the LIDA group - [click here to visit it](#) and make sure to turn channel notifications on!
  - We have sent out a **new Teams invite** for 2025, deprecating the existing invites (that Leif sent out). From January 2025, if you would like to join the coffee mornings virtually, you will need to access via the new invite. Shoot us an email if you missed out on the invite link.
  - If you'd like to add your profile to [sciml-leeds.github.io](https://sciml-leeds.github.io), we have a tool to make this easier. [Click here](#) and fill out the form with your details.
